The 29th May 1874.

No. 3404.—The Governor General in Council directs that the following be substituted for rules 2 (b and c) under section 28 of the Civil Leave Code :—

2 (b).—The applicant must (unless the state of his health absolutely prevent it, or, if he be an applicant for furlough in India, unless the Government to which he is subordinate otherwise permit) present himself with two copies of the statement of his case, either at the presidency town of Bombay before one or more medical officers to be appointed to this duty by the Government of Bombay or at the seat of the Government under which he is serving before one or more medical officers to be appointed by that Government and obtain his or their certificate as follows :—
We (or I) do hereby certify that according to the best of our (or my) professional judgment, after careful personal examination of the case we (or I) consider the health of C. D. to be such as to render leave of absence for a period of absolutely necessary for his recovery.

If the state of the applicant's health be certified by a covenanted medical officer, or by a medical officer in charge of a civil station, to be such as to make it highly inconvenient for him to repair to the seat of the Government of the province, the local Government may accept a certificate from any two medical officers, either covenanted or in charge of civil stations, provided neither of them is the regular medical attendant of the applicant. The certifying officers need not belong to the same province as the applicant.

If an applicant for furlough in India is exempted by a local Government from appearing at the seat of the Government, he should produce a certificate signed by at least two medical officers, either covenanted or in charge of civil stations, provided neither of them is his medical attendant.

No. 585 of 1874.—The following additions and corrections of G. G. O. No. 171, dated 25th February 1874, are notified for general information. Order books to be corrected accordingly:—

To paragraph 1 add the following note:—

“NOTE.—The advantages granted by the furlough rules of 1854 to officers who obtain furlough on medical certificate are not applicable to any officers of the British service whose regiments, battalions, brigades or batteries arrived in India after the date of the Passage Warrant of 1865 and neither those rules nor the furlough rules of 1868 are, as respects furlough on private affairs, applicable to

British officers serving with their regiments or employed with a five years' tenure in staff situations (see para. 4).

“But officers of the late Indian Army who hold permanent appointments under the Governments of India, and who may have elected to abide by the furlough rules of 1854, in preference to those of 1868, of course retain their election.”

2. For the 3rd clause of paragraph 5 substitute the following as clauses 3 and 4:—

§ 3 Such officers will be allowed an advance of pas-

Pay allowed them during furlough. sage money, or free passage in a troopship if proceeding in the trooping season, the advance to be refunded on receipt of the balance of furlough pay. The English rate of pay of their rank only will be passed to them during their leave; but at its conclusion, on their presenting an order for them to return to India, the difference between that rate and furlough pay, less the passage money they have received, will be paid to them in England conditionally on its refund if the order to return to India is not carried out.

§ 4. Those Royal Engineer officers who arrived in India before the 1st July 1872 are, however, not subject to the provisions of the preceding clause as long as they do not exchange Indian for home service, but draw furlough pay during furlough as others.

3. After clause 4 of the same paragraph (para. 5) add the following:—

§ 5. An officer of the British service holding permanent staff employ under the Govern-

ment who may proceed on furlough under circumstances which involve the forfeiture of his appointment, must obtain the furlough as a British regi-

mental officer, and it will reckon as a portion of the aggregate eight years of furlough on pay to which an officer is restricted during his service by Rule XVI. But, on again becoming permanently employed, he resumes the right of obtaining furlough under these rules.

4. Instead of the concluding sentence of Clause 1 of Rule XXII, following the words “if he possess one,” read—

“The aggregate staff salary granted to the acting officer in such cases will not be less than Rs. 100 per mensem unless the full staff salary of the post in which he is officiating is less than that sum.”

5. At the end of Rule XXII insert the following note:—

NOTE.—The indulgence granted by § 1 of this rule is only allowed to one *directly* officiating in the place of the officer absent on furlough, not to one acting in the room of an officer who is himself acting for an absentee on furlough.

No. 656 of 1874.—The Right Hon'ble the Governor-General in Council is pleased to notify that, with a view to the advantage which will be derived to the public service from a reduction in the present number of field officers in the Indian Army, Her Majesty's Government has been pleased to sanction the adoption of the following measures :—

I. During the present year—1874—ninety (90) officers of the Staff Corps, and Cavalry and Infantry of the Indian Army, will be permitted to retire from the service, receiving, in addition to the pension to which they may be entitled by length of service under existing regulations, not exceeding the full pay pension of a Colonel (£456-5-0 per annum), an annuity representing the estimated value of their prospective claim to the Colonel's allowance, or its capitalized value as they may prefer.

II. This offer is restricted to substantive Lieutenant-Colonels who shall have completed 28 years' service, from the date of first commission, on or before the date from which they apply to retire, who may either, 1st, have been appointed to one of the Staff Corps on or before the 12th September 1866, and can claim the Colonel's allowance under the provisions of G. G. O. No. 808 of the 26th September 1866, or 2ndly, may be entitled, under G. O. G. G. of the 12th September 1862, to the Colonel's allowance after 12 years' service in the rank of Lieutenant-Colonel.

III. 90 officers will be allowed to retire under these conditions. The number will be distributed as follows :—

For Bengal	...	40
„ Madras	...	30
„ Bombay	...	20
TOTAL	...	90

In the event of the whole of the retirements allotted to a particular presidency not being taken up in that presidency, those remaining will be rateably divided between the other presidencies.

IV. Applications to retire will be considered and disposed of, according to seniority, from the date of first commission.

V. Officers wishing to retire under the terms of this order must, whether in or out of India, submit their applications so as to reach the Office of the Adjutant-General of their respective presidencies not later than the 1st of October 1874; and they must state in their applications the day upon which they propose to retire, such day being not earlier than the 5th October 1874, nor later than the 31st December 1874.

VI. Officers whose applications are accepted, will be gazetted out from the dates named by themselves, within the limit of dates above given, but will continue to perform their duties and receive the pay and allowances of

their positions until officially informed of their removal from the effective list, either by direct communication, or by publication of the Gazette at the station at which they may be serving.

VII. Officers retiring under this arrangement will be considered as having received by anticipation the Colonel's allowance, and will forego both the good service pension, if they are in receipt thereof, and

* G. G. O. No. 808 of 26th September 1866. all claim to bonus compensation under the terms of the despatch of the 8th of August 1866,* No. 160.

VIII. Applicants to retire must state—

1st.—Their rank and service.

2nd.—Their age (supported by a certificate of birth, or in its absence, by a formal declaration).

3rd.—Whether they wish to receive commutation for their prospective allowances in the shape of an annuity, or to capitalize its value. Officers who desire to receive the capitalized value of the annuity must attach to their applications a certificate in the form given in Appendix A.

4th.—Whether they desire to receive payment, wholly or in part, in India, or in England.

IX. The Table given in Appendix B shows the rates at which the expectation of the Colonel's allowance will be calculated in carrying this order into effect in the case of officers of various ages and service.

X. For the purpose of arriving at the amount payable in each case, whether as an annuity or in a single payment, officers' ages will be calculated from their birthday next succeeding the date from which they propose to retire, and the number of years they have to serve before becoming entitled to the Colonel's allowance will be calculated from the date of the proposed retirement. When the period to serve contains a fraction of a year, the fraction, if it be six months or under six months, will be excluded altogether; if it exceeds six months, it will be reckoned as a complete year.

XI. Payments made in India under this order will be at the rate of 1s. 10½d. for the rupee.

XII. Officers who elect to receive an annuity in preference to the capital sum, will not, after their retirements have appeared in the Gazette, be allowed to capitalize such annuity under the provisions of this order; and it is to be understood that no separate applications of individual officers to retire after the present retirements have been allotted will be entertained on the basis of this order.

XIII. Similar opportunities will be held out from year to year for a limited number of Lieutenant-Colonels to retire, by anticipating their Colonel's allowance, to such an extent and so long as the interests of the public service may seem to call for such special departure from the ordinary system of retirement; but no assurance can be given that the permission to commute an annuity for its capitalized value will be repeated on any future occasion.

APPENDIX A.
